

# Teaching Sexual Health in Middle School:

## An intro to MFP'S Scope & Sequence

Victoria Preston and Emma Steinbach

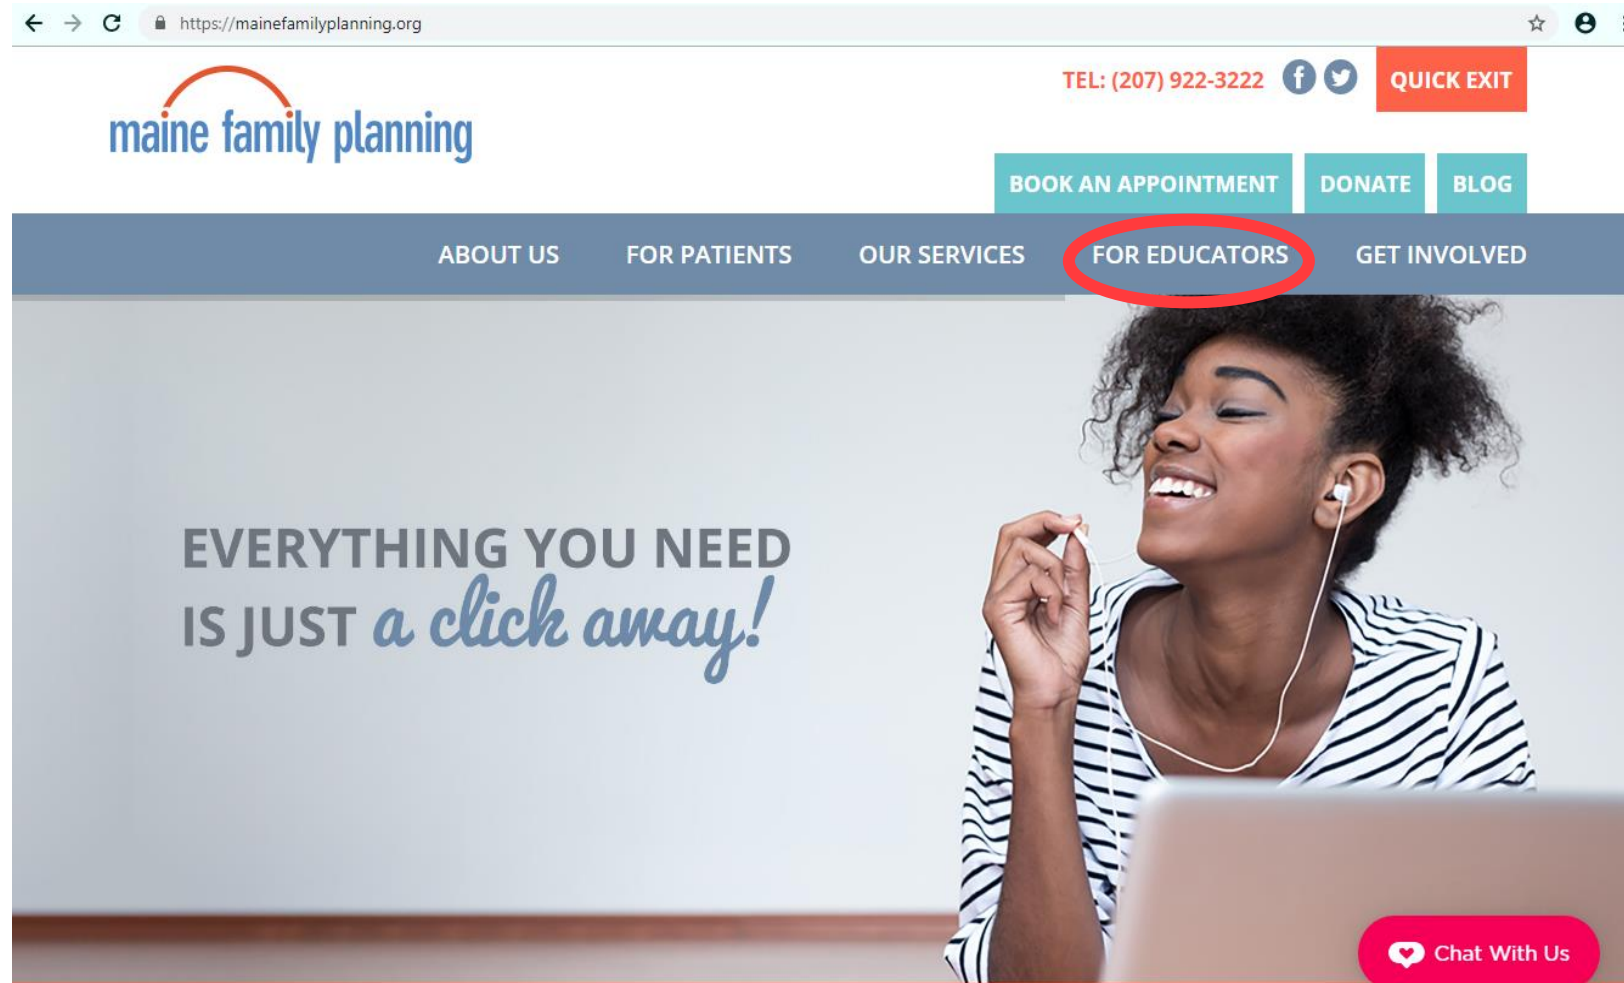

# Today's Objectives

- **Understand content and methodologies recommended for a middle school sexual health program and what is currently happening in Maine's middle school health.**
- **Identify lessons and activities that promote a comprehensive approach to sexual health education for middle school youth.**
- **Leave with an overview of the Middle School Scope & Sequence that will prepare middle school youth to be sexually healthy teens.**

# Visit Maine Family Planning's Website to Access Educator Resources!

*Including our other Curriculum, tip sheets, and more!*
